Hardy Asters

They are becoming more popular every year for the Fall gardens. They bloom very profusely during late August and September. Following varieties are the best.

BLUE BOUQUET. A medium height plant with medium blue flowers. Desired by all. 25c each.

CHARLES WILSON. A striking bright red. The finest of its color to date. A compact bush and very free-flowering. 25c each.

HARRINGTON'S PINK. New. Most outstanding hardy Aster recently introduced. Certainly is a beauty. Large flowers of a luminous true pink on bushy plants. Three feet high. 35c each; 3 for \$1.00.

MT. EVEREST. New. The best white Aster. Plants are well shaped pyramids with an abundance of lateral branches right down to the ground. 4 feet. 3 for 60c; \$2.20 per dozen.

QUEEN MARY. Pleasing blue Aster, tinted lavender, arranged gracefully on branching panicles. 4 feet. 3 for 60c.

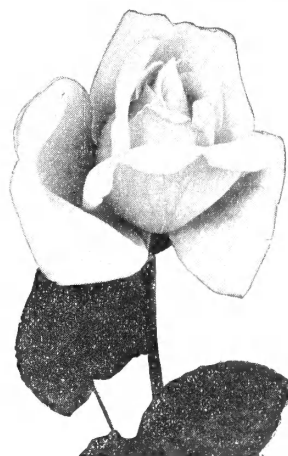

RYECROFT PURPLE. Large rich purple flowers on 5 foot stems in late September and October. No other Aster like it. 3 for 60c; \$2.20 per dozen.

SKYLANDS QUEEN. Very large medium blue with a lavender sheen. Early. Showiest of all blues in its season. 3 feet. 3 for 60c; \$2.20 per dozen.

VIOLETTA. New. Large flowers of violet-blue. Divisions. 35c each; 3 for \$1.00.

YPRES. A compact pyramidal plant. 2 feet tall, literally covered with neat rosy-pink flowers, closely set on stems from the ground to its tips. 3 for 60c; \$2.20 per dozen.

Dependable Roses

Roses are grown in every garden. It may be classed as the most popular garden flower today, because of the individuality of its blooms rather than its landscape effect. We are listing a few varieties that we have found to be good and amongst the better kinds under average conditions. You will note that they are reasonably priced for 2 year No. 1 field grown plants. No better plants are obtainable. No poorer grades are offered as assured success is obtained only with No. 1's. These are Northern grown and hence, are worth twice as much as Southern grown ones.

Everblooming Roses

CHRISTOPHER STONE. Brilliant red and free flowering. Even better than Etoile de Hollande.

CONDESA DE SASTAGO. A tri-color rose. Yellow mixed in with fiery copper.

EDITOR McFARLAND. One of the most perfect pink roses.

MME. JULES BOUCHE. A most desirable white.

MRS. PIERRE S. DU PONT. A lovely golden yellow.

Climbing Roses

DR. VAN FLEET. Delicate flesh-pink. A strong climber.

PAUL'S SCARLET CLIMBER. The most popular of all climbing Roses. None can compare with it for brilliancy of color in its vivid scarlet.

ROSE PRICES: 55c each; 3 or more 50c each

PERENNIAL FLOWER PLANTS FOR 1941

HARDY GARDEN CHRYSANTHEMUMS

For A Gay and Glorious Display This Fall

They give us the last cheery blooms for the year. Plant in a well drained rich soil after May 1st. Pinch back when the plants are a foot high to make bushy plants. About December 15th, cut down the old tops and cover the plants a few inches deep with straw, leaves, or loose litter for the winter.

Plants Ready After May 1st.

Chrysanthemum Prices
Unless otherwise stated, 25c each; 3 alike 60c; 12 alike \$2.20.

We offer strong young potted plants that will make heavy blooming plants for fall. Young plants produce the most bloom. We have devoted much time and effort to the selection and production of newer, better, and hardier varieties as they appear. You may rest assured that the new ones that are constantly entering our list are improvements over older varieties that have been discontinued. And further we are offering only those that can be depended upon to be in full bloom before October 15th, so as to escape severe frosts and freezing weather.

Cushion Chrysanthemums

These popular Chrysanthemums develop into mounds of bloom, often two feet across, but only one foot high. During September these mounds are covered with hundreds of blooms that resemble an Azalea—often wrongly called Azaleamum—and belong to the Amelia group. May be used as single specimens or in groups in the border, rock garden, along paths and driveways.

ARABY. Double. A unique purple shade that everyone likes. 35c each or 3 for \$1.00.

ASTRID. New. Single rose-pink. Lovely foliage. 15 inches high. Early October onwards.

CLARA CURTIS. New. Very free flowering. Dainty single soft pink daisies completely cover the plant in early September. 18 inches high. 35c each.

CRIMSON SPLENDOR. Single. A large crimson-red flower with golden eye and four inches across. Late September onwards.

CYDONIA. Brilliant double orange-mahogany. Late September. A fetching color. Most popular.

DEAN KAY. New for 1941. Very vigorous and free flowering. Single plants make mounds 4 feet across and 2 feet high. Hundreds of double rose-pink flowers from early August till frost. 35c each.

EARLY BRONZE. Soft bronze pompons from early September onwards.

JUDITH ANDERSON. Button pompon. A mass of clear buttercup-yellow. Early October onwards. Compact mounds one and one-half feet high by 2 feet across.

L'ARGENTUILLOIS. Double. Deep bronze; tipped gold. Mid-September onwards.

LAVENDER LADY. New. Large double lavender. Early October. 35c each.

NIobe. Finest of the single whites. Mid-September onwards.

SAPPHO. Single. Lemon yellow. Early September.

SEQUOIA. Large double mellow amber blooms. Early October.

SILVER BALL. A white 2½ inch pompon. Early October.

SILVER TIPS. Double. Bright rosy carmine with silver tips. Mid-September onwards.

VESTA. Single. Deep golden orange. Mid-September onwards.

WARRIOR. Semi-double flowers of a deep crimson-maroon with golden reverse and a bright yellow center. Early October onwards.

BRONZE CUSHION. Deep bronzy salmon.

PINK CUSHION. The original wonder of the group.

PYGMY GOLD. Pompon. Round lemon-yellow balls, 1 inch in diameter.

RED CUSHION. (Sandra). A beautiful bronzy red that blooms at the same time. 35c each.

WHITE CUSHION. A white flower that develops a pink tint with age.

YELLOW CUSHION. A lively color. Decorative type.

New Government Chrysanthemums

Developed by the United States Department of Agriculture. Hardy, low bushy growth, early and free flowering. All are choice.

ALGONQUIN. Double. Finest golden-yellow. Admired by all. 25c each.

AMOSKEAG. Semi-double light bronze. Very free flowering. 25c each.

MUSKOGEE. Semi-double soft-rose. 25c each.

POHATCONG. Double rose. 25c each.

DAPHNE CNEORUM

A low-growing shrubby evergreen plant which is lovely at all times, but at its best during May and June, when it is completely covered with clustered bright pink, delicately perfumed blooms. Some flowers appear again in Autumn. A splendid 8 to 12 inch high plant for the rock garden or as an edging plant in front of evergreens and shrubs. It prefers a sunny position in a well drained soil. Protect the evergreen foliage from winter-burning with a little straw.

Bushy plants, 12-15 inches across. \$1.00 each.

HARDY PHLOX

America's Most Popular Perennial

Phlox are the most effective and useful garden plants during July, August and September. No plants can equal their vivid display of color. Their panicles of crimson and wine, glistening pink and salmons, pure shining whites, violets and purple-blues create a garden of brilliance. The vast array of varieties being offered today is apt to be confusing to many people. To aid you we have discontinued growing all poorer and antiquated varieties and offer only those varieties that have better colors, more freedom of bloom, stronger habits, and greater freedom from disease. Phlox prefer a soil that has been deeply enriched with rotted manure or some commercial fertilizer or both, and should be watered preferably, early enough in the day so that the foliage and flowers will dry before night. Plant 18 inches apart and they will look so much better if you will plant 3 or more plants of a kind in a group. Do not let your plants go to seed. Remove faded flowers and new blooms will come from the young lateral branches.

PHLOX PRICES: Strong, field grown plants; unless otherwise stated, plants are 25c each; 3 of a kind for 60c; or \$2.20 per dozen of a kind.
At Blooming Time in July and August. 35c each

ANNIE LAURIE. Large trusses of rich salmon.

APOLLO. Deep rose-red; shaded crimson.

B. COMPTE. Rich Burgundy-red. Darkest red of all.

BARON VON DEDUM. Salmon-rose. Long bloomer and very popular.

BORDER QUEEN. Watermelon pink. Florets large as a silver dollar on enormous heads. An early bloomer. 15 inches high.

DAILY SKETCH. Choice. Immense trusses and extra large florets of glistening salmon-pink with carmine eye. 35c each or 3 for \$1.00.

ECLAIREUR. Rosy-purple. Tall strong grower.

E. I. FARRINGTON. Soft salmon-pink with bright eye. Very pretty. Better than Columbia or Lillian.

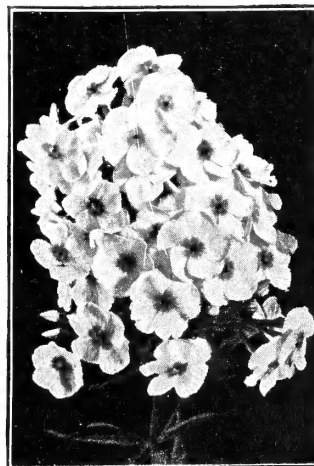

ELECTRA. Rich satiny, amaranth-red. More brilliant than B. Compte. New.

ENCHANTRESS. Soft salmon-pink with dark eye. Dwarfier and deeper color than E. I. Farrington. Deep green glossy foliage.

ETHEL PRITCHARD. Largest and freest flowering lavender.

EUROPA. White with red eye. Changes to a blush pink with age. Very strong grower.

FLORA J. REIDY. Pure white.

MISS LINGARD. White. June and July bloom, which is a month ahead of all others. Splendid foliage. Best Phlox for cut flowers.

MRS. W. G. HARDING. A deep rose; faintly flushed scarlet. Choice. Always good.

NORDLICHT. Large flowers of a warm lilac blush with violet-red eye.

PAINTED LADY. Soft silvery pink with cherry-red eye. Tall.

P. D. WILLIAMS. Enormous flowers in pyramidal trusses. Soft rose pink with darker center. 35c each or 3 for \$1.00.

ROSALINDA. An amaranth pink form of Miss Lingard. Blooms at the same time.

ROSEA SUPERBA. Soft pink with deeper pink eye. Enormous heads. New and choice. 35c each.

ROYAL PURPLE. Best purple-blue.

RUBY. Splendid crimson-red.

SALMON GLOW. A lively pink with salmon shadings; the effect being a bright salmon.

STARLIGHT. Violet with clear white star center.

Phlox Subulata—The Moss or Mountain Phlox

One of the Best Loved and Best Known of the Rock Garden Family

These low spreading plants, with mossy evergreen foliage and solid sheets of flowers in late April and May, have endeared them to everyone. They are about 6 inches high and make clumps from one to two feet across, depending upon the kind. All are sun lovers and very drought-resistant. The soil should be well drained and not too rich. Excellent for the rockery, front of the hardy border, and for covering terraces, dry hillsides and graves. Plant 12 inches apart.

PRICES: Unless otherwise stated are 25c each, or 5 for \$1.00.

ALBA. White flowered form. Lovely.

AUTUMN ROSE. Blooms in May and early June and again in September and October. Bright rose with large red center.

BLUE HILLS. Blue flowers, tinged lavender.

BRILLIANT. The most colorful display of all, a bright crimson-red. Admired by all.

CAMLA. Considered one of the best of this section. Subulata form, but more loose and graceful in habit. The very large flowers are a lovely shade of glistening salmon-pink. It flowers freely in May and intermittently throughout the summer and fall. Rare. 35c each or 3 for \$1.00.

EMERALD CUSHION. New. Neat compact cushions of emerald green foliage. Very large flowers of lively pink. Different from all others.

ROSEA. The well-known popular rosy-pink variety. A great spreader.

SAMPSON. New. Clear, large rosy-red.

VIVID. A compact grower. Bright clear pink with a darker eye.

HARDY PLANTS FOR

MULLEIN PINK—*Agrostemma coronaria atrosanguinea*

Rosettes of woolly foliage and bright crimson flowers. 2 feet high. Constant bloomer during June and July. Reseeds readily. 3 for 50c; \$1.90 per dozen.

MARGUERITE—*Anthemis Perry's Variety*

Large lemon yellow daisies that will last a week or more when cut. Blooms all summer. 18 inches high. Will grow in the driest and poorest of soils. Self sows freely and seedlings must be weeded out or they will crowd out other plants. 3 for 50c; \$1.90 per dozen.

SILVER KING ARTEMISIA

Its sprays of bright frosted silvery white foliage give an unforgettable effect all summer and also it may be cut to mix in winter bouquets. 2 feet high. 3 for 60c; \$2.20 per dozen.

CARPATHIAN HAREBELL—*Campanula carpatica*

Compact upright plants with large open, pendant blue bells on wiry six inch stems from June to August. Lovely in rock garden in sun or shade. 3 for 60c; \$2.20 per dozen.

BLUEBELLS OF SCOTLAND—*Campanula rotundifolia*

Desirable rockery plants for sun or shade. Eight inch panicle spikes of dainty little blue drooping bells all summer. 3 for 60c; \$2.20 per dozen.

CARNATION CRIMSON KING

This dazzling crimson flower is enjoyable by everyone. Blooms all summer. Potted plants. 3 for 60c; \$2.20 per doz.

SHASTA DAISY SUPREME

And it is supreme. Large snow-white daisies on 18 inch stems are 5 inches in diameter. June to August. 3 for 60c; \$2.20 per dozen.

COREOPSIS MAYFIELD GIANT

A highly improved variety of the old ever-popular *Coreopsis lanceolata*. Bold golden yellow daisies during the entire summer if the old flowers are kept picked or cut off. 2 feet tall. 3 for 50c; \$1.90 per dozen.

FOXGLOVE—*Digitalis*

This Shirley Strain produces tall graceful spikes of bell-shaped flowers. Colors range from rose through pinks to white. June and July. 3 feet tall. 3 for 60c; \$2.20 per dozen.

PURPLE CONEFLOWER—*Echinacea purpurea*

Large purplish-pink daisy-like flowers with a large brown cone-shaped center on 2 to 3 feet stems. July to October. 3 for 60c; \$2.20 per dozen.

BABY'S BREATH BRISTOL FAIRY—*Gypsophila*

The best of the cut flower varieties with very large pure white double flowers in misty sprays continuously throughout the summer. 2-3 feet tall. Priced very low this year. 3 for \$1.00.

BABY'S BREATH ROSY VEIL. A new dwarf pink double-flowering Baby's Breath. 12 inches. Our customers like it. 35c each or 3 for \$1.00.

HELEN'S FLOWER—*Helenium autumnale rubrum*

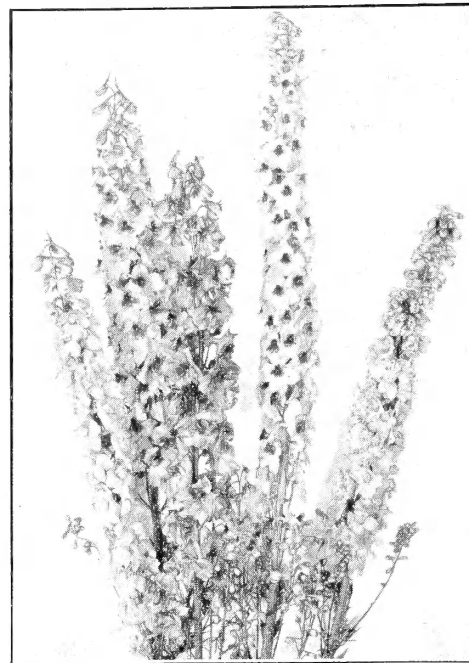

Broad branching very showy plants in August and September when the 3 to 4 foot high plants are covered with bright terra-cotta red daisy-like flowers, 1½ inches in diameter. 3 for 60c; \$2.20 per dozen.

HIBISCUS

Perennial shrub-like plants with large pink, white or red single Hollyhock-like flowers. July and August. 5 feet tall. State color. 25c each.

HOLLYHOCK CHATERS PRIZE

Colossal spikes of double red, pink, or white flowers. Found in every old-fashioned garden. Valued interspersed amongst shrubbery or as accents in the hardy border. June and July. 3 to 6 feet tall. State color. 3 for 50c; \$1.90 per dozen.

DELPHINIUM

DELPHINIUMS are one of the five dominant perennial border plants. Fortunately they can be grown in every garden, but in the hot, dry parts of the country they do not live so long. Long spikes of closely set lovely blue flowers in June and intermittently till frost. Grows best in a rich soil that is well supplied with lime. 3 to 5 feet tall. Effective when planted with Madonna or Regal Lilies. The following varieties are superb:

Belladonna Cliveden Beauty. Larger flower and more sturdy growth makes it the finest light blue today. 3 for 50c; \$1.90 per dozen.

Blue Grotto. A larger dark blue with flowers of a deeper, richer and more uniform color. 3 for 50c; \$1.90 per dozen.

Pacific Hybrids. Finest Delphiniums in the world. Mostly doubles. Wiry stems are slender, but strong to withstand winds. Decidedly resistant to mildew. Only a few at 35c each or 3 for \$1.00.

Pacific White. Choicest white. 35c each.

DAY LILY—*Hemerocallis*

Leafless stems topped by large flowers belonging to the Lily family arise from showy, well-rounded bushes of reed-like curving foliage in July. 3 feet tall. Varieties are:

Geo. Yeld. Large flowers, nearly 6 inches across. Outer petals rich orange, inner petals flushed orange scarlet. July. 50c each.

Goldeni. A warm golden yellow that is well-liked. 35c each.

Mikado. A rich yellow with a red-purple band. 35c each.

Thunbergi. A popular yellow in July. 25c each.

PLANTAIN LILY—*Hosta* or *Funkia*

Very valuable shade plants; also will grow in sun. Their broad massive foliage makes them attractive for the border even when not in flower. Following varieties are offered:

Coerulea. Deep green leaves and blue pendant flowers in July and August. 1½ feet high. 3 for 60c.

Lancifolia. Long narrow leaves. Lilac-blue flowers in August on 18 inch stems. 3 for 60c; \$2.20 per dozen.

Subcordata grandiflora. Light green leaves and waxy white lilies of larger size in August. 18 inches high. 3 for 75c; \$2.50 per dozen.

BLAZING STAR—*Liatris pycnostachya*

Unusual. Long narrow spikes of lavender-purple, which bloom from top downwards. August. 3 to 4 feet high. 3 for 60c; \$2.20 per dozen.

SCABIOSA FISHERI

Charming lacy Scabiosas on long stems from July till frost. Very fine for table cutting. 3 feet high. 3 for 60c; \$2.20 per dozen.

OUR SUMMER BLOOM

LILIES

All the world loves them. They need perfect drainage and are best planted in the fall, although the following varieties give good results when planted in early spring.

Regal Lily. One of the finest, easiest and most popular. Pure white, shaded pink on the reverse of the petals. Late June and July. 3-4 feet. 3 for 60c; \$2.00 per dozen.

Coral Lily (*L. tenuifolium*). A charming little gem of the family with deep scarlet flowers on 12-18 inch stems in June. Everyone adores it. 3 for 45c; \$1.50 per dozen.

Tiger Lily. An old favorite with very easy culture. A deep orange Lily with black spots. August. 4 to 5 feet high. 3 for 60c; \$2.00 per dozen.

BLUE FLAX—*Linum perenne*

Slender, graceful ornamental 12-in. stems terminated with pretty pearly blue saucer-shaped flowers. New ones appear each morning throughout the summer. Not suitable for heavy, damp soils. 3 for 50c.

MALTESE CROSS—*Lychnis chalcedonica*

Umbels of vivid scarlet flowers on 2-3 feet stems in July. A long bloomer that reblooms if bloomed-out flowers are removed. 3 for 60c.

BERGAMONT—*Monarda didyma*

Large mint-like plants, 2 to 3 feet high, with close heads of showy flowers in July and August. Crimson or scarlet. Choice. 3 for 60c; \$2.20 per dozen.

BLACKBERRY LILY—*Pardanthus chinensis*

A good old-fashioned hardy perennial. Foliage looks like Iris. Flowers like a small orange *Hemerocallis*, followed by fruit like a blackberry. July. 2 to 3 feet. 3 for 60c.

BALLOON FLOWER—*Platycodon grandiflorum*

Neat plants of upright habits. Large showy deep blue bells, preceded by blue balloons, on 2 to 3 feet stems in July and August. Considered one of the most beautiful plants for the garden. 3 for 60c; \$2.20 per dozen.

PLUMBAGO LARPENTAE

Most desirable for August and September display. Mound shaped, spreading habit of deep cobalt blue saucer-shaped flowers. Give a well drained location and protection in winter. Sun or half-shade. 3 for 60c.

SEDUMS

The low growing varieties are gems for the rock garden and thrive in dry, sunny situations. Most of them are evergreen. Showy *Stonecrop*, which is not evergreen, makes a great showing late in the summer and early fall in the flower garden. Better varieties follow:

Acre. A large spreading ground cover for sunny places, obscured by a mass of golden yellow flowers during late May and June. Very good in rock gardens. 3 for 50c; \$1.90 per dozen.

Elegans. Pretty glaucous, bluish green bushlets. 3-4 inches high. 3 for 60c; \$2.20 per dozen.

Ellacombianum. Amongst the first five most desirable Sedums for the rock garden. A 6-inch bushy green mound, that takes on glorious colors of orange and red in Autumn, and yellow flowers in July. 3 for 50c; \$1.90 per dozen.

Sarmentosum. The best Sedum for a ground cover for hot, dry places. Grows rapidly. Very prostrate. 3 for 50c; \$1.90 per dozen.

Spectabile Brilliant. (Showy *Stonecrop*.) Broad succulent green leaves on 12 to 15 inch stems with large showy rosy-crimson umbels in August and September. 3 for 60c; \$2.20 per dozen.

Spurium. Prostrate branches with terminal rosettes of bronzy leaves which turn red in winter. Pink flowers in June. 4 to 6 inches high. 3 for 50c; \$1.90 per dozen.

SEMPERVIVUM—Hens and Chickens

Interesting plants forming rosettes of succulent leaves. Very attractive amongst rocks.

Atroviolaceum. Deep purplish red leaves on rosettes 6 inches in diameter. 3 for 60c.

Royanum. A large green form. 3 for 60c.

Violescens. A bluish-gray leaved type. 3 for 60c.

STOKER ASTER—*Stokesia laevis*

One of the better late summer-flowering plants. Large double Aster-like flowers on 12-inch stems in July and August. Everyone likes it. 3 for 60c; \$2.20 per dozen.

THYME—*Thymus*

Prostrate creeping, 4 inches high, perennials with fragrant foliage. Suitable for margins of dry, sunny banks, slopes, or rock garden.

Lemon Thyme (*T. citriodorus*). Broad mats of lemon-scented foliage and pink flowers. 3 for 60c.

Woolly Thyme (*T. lanuginosus*). Woolly leaved, quick spreading, prostrate plant. Perfect drainage must be supplied. 3 for 60c.

Crimson Thyme (*T. serpyllum coccineus*). Lovely red foliaged mat in early spring. Sheet of small crimson flowers in June and July. 3 for 60c.

PINK SPIDERWORT—*Tradescantia virginica rosea*

A very easily grown perennial suited for any location—even the wild garden. Unusual three petaled flowers that bloom for a long period. July and August. 15 to 18 inches high. 3 for 60c.

TRITOMA—Red Hot Poker

Tufts of broad grass-like foliage with numerous large spikes of brilliant colored flowers. Very effective in the border or formal beds in full sun. Needs a little winter protection.

Pfitzeri. Rich orange spikes with a shade of scarlet in August and September. 2 feet tall. 3 for 60c; \$2.20 per doz.

Mt. Etna. New. Robust spikes of glowing orange-red flowers. 3 feet high. 35c each; 3 for \$1.00.

Towers of Gold. This Poker Plant is a rich lemon-yellow. Good. 3 for 1.00.

GLOBEFLOWER—*Trollius ledebouri* Golden Queen

Large cup-shaped flowers of golden orange with exceedingly showy stamens in June. 1½ feet high. Needs good loam with ample moisture. 50c each.

DOUBLE COATFLOWER—*Tunica saxifraga rosea* fl. pl.

Slender stemmed, graceful rock or wall plants covered with lovely double pink Baby's Breath-like flowers all summer. Really choice and very desirable. 3 for 60c.

SPEEDWELLS—*Veronica*

Showy plants for garden and rockery use, according to their size. All are easy culture. Varieties are:

Corymbosa stricta. Dense plummy spikes of azure blue from July to August. 6 inches high. 3 for 60c.

Pink Woolly Speedwell (*Veronica incana rosea*). New. Lovely pink spikes, 6 to 8 inches high in July. Silvered foliage. Very fine. 3 for 60c; \$2.20 per dozen.

Blue Spire. New. Supercedes *Veronica spicata*. Deep blue spikes in July and August. 3 for 60c.

Clump Speedwell (*Veronica longifolia subsessilis*). One of the best plants for the hardy border and the best blue flowered perennial for August bloom. Attractive foliage and thick spikes of very deep blue. 18 inches high. Our very low price for this Spring only is: 3 for 60c; \$2.20 per dozen.

GAILLARDIA

One of the most desirable and easily grown perennials. A light soil is best for their successful culture. They cannot be depended upon to survive the winter on heavy clay soils, but do splendidly on soils of a light or medium character. They bloom throughout the summer. 1½-2 feet. Varieties follow:

Burgandy. A rich deep red Gaillardia; occasionally a flower is tipped with gold. 3 for 50c; \$1.90 per dozen.

Goblin. Dwarf, compact, bushy plants 12 to 15 inches high which are covered during the summer with flowers of golden yellow with deeper centers. 3 for 50c; \$1.90 per dozen.

Portola. This Gaillardia has rich crimson rays that are tipped yellow. 3 for 50c; \$1.90 per dozen.

Pure Gold. New. Large pure yellow. 3 for 50c; \$1.90 per doz.

LAVENDER—*Lavandula vera*

A fragrant shrubby perennial whose lavender spikes from June to August are known to almost everyone. 15 inches high. 3 for 60c; \$2.20 per dozen.

SPRING BLOOMING PERENNIALS

BUGLE—*Ajuga genevensis*

Tufted clumps of shiny deep green foliaged plants that carpet the ground, especially in the shade. 6 inch spikes of deep blue flowers in May and June. 3 for 60c; \$2.20 per dozen.

BASKET OF GOLD—*Alyssum saxatile compactum*

Cheeriest of the early spring blooming plants. Never fails to delight. Masses of golden yellow flowers in April and May. 12 inches high. Indispensable for the rockery or front of border. Needs good drainage. 3 for 60c; \$2.20 per dozen.

ANCHUSA DROPMORE. Stately and handsome plants belonging to the Forget-me-not group. Beautiful blue flowers in racemes in June. 4 feet high. 25c each.

PASQUE FLOWER—*Anemone pulsatilla*

Its large odd semi-erect purplish bells are cherished by all in early Spring and then followed by silky, feathery seed pods. 3 for 60c.

AQUILEGIA—*Columbine*

Columbines grow in ordinary soil, but develop better, grow larger and last longer when grown in partial shade in a soil containing lots of humus. The foliage is ornamental whether the plant is in or out of bloom. All long spurred.

Pink Shades. A variety of lovely shades of pink. 3 for 60c; \$2.20 per dozen.

Blue Shades. Fine shades of blue. 3 for 60c; \$2.20 per dozen.

Longissima. A yellow variety with exceptionally long spurs. 3 for 60c; \$2.20 per dozen.

THRIFT OR SEA-PINK—*Armeria*

Globular heads arise on leafless stems from grassy tufts during May and July. Loves a dry, sandy soil.

Formosa. New Giant Hybrids. Large flowers of pink to rose, 12 inches high. 3 for 60c.

Lauchiana. Smaller pink flowers on 6 inch stems. 3 for 60c; \$2.20 per dozen.

ROCK ASTER—*Aster alpinus* Dark Beauty.

Beautiful lavender-blue daisies with yellow centers. 6 inches high. May. Tufted plants. 3 for 60c; \$2.20 per dozen.

CANTERBURY BELLS—*Campanula medium*

These are biennials, but they are always a favorite. Large beautiful rose, blue or white bells in late May and June. 2 feet tall. State color. 3 for 50c.

GARDEN PINKS—*Dianthus*

No garden is complete without a liberal planting of the various Pinks. They may be used in the rock garden, rock wall, or massed in the border. No place too hot or dry for them. Soil should be well drained and contain some lime. Best varieties are:

Maiden Pink (*D. deltoides*). Prostrate mats of small, glossy green leaves, which are completely covered in June with bright rose-pink blossoms. 3 for 50c; \$1.90 per dozen.

Brilliant Maiden Pink. A variety of the above with crimson-red flowers. 3 for 50c; \$1.90 per dozen.

Furst Bismarck. An everblooming Cluster Pink with a deep rose color. 3 for 60c; \$2.20 per dozen.

Her Majesty. A larger double white than Bristol Purity, but the calyx splits in wet weather. 3 for 60c; \$2.20 per dozen.

Highland Rose Hybrids. A beautiful and very varied mixture. Especially noted for their fragrance and long bloom. 3 for 50c; \$1.90 per dozen.

Rose Dawn. Same color and habit as Rose Cushion, but glaucous-blue foliage. 3 for 60c; \$2.20 per dozen.

Rose Cushion. This compact Cushion Pink is one of the most desirable of the Pinks for the rock garden. It does not sprawl and when not in flower the plant is a neat little round mound. Rosy-pink flowers in June. 6 inches high. 3 for 60c; \$2.20 per dozen.

ROCK CRESS—*Arabis Snowcap*

White flowers on 6 inch stems in April and May. Ornamental foliage. Drought resistant and thrives in poor soil. Shear back immediately after flowering to maintain neat clumps. 3 for 60c.

SNOW-IN-SUMMER—*Cerastium tomentosum*

A real good name. Broad prostrate spreading mats of silvery foliage. White flowers in May. 6 inches high. Sun-loving. 3 for 60c; \$2.20 per dozen.

MEMORIAL DAISY (Or Improved Hartje and Elder Daisy)

This is the newly improved variety with larger single white daisies and longer stems. In full bloom for Memorial Day. 18 inches tall. Very good for cutting. 3 for 60c; \$2.20 per dozen.

SWEET WILLIAM—*Dianthus barbatus*

A well-known, attractive, free-flowering hardy biennial. May and June. Splendid effect in beds and borders. Reseeds itself readily. Following varieties are best:

Blood-red. 3 for 50c; \$1.90 per dozen.

Newport Pink. Salmon-pink. 3 for 50c; \$1.90 per dozen.

Dwarf Midget. Plants are 4 to 6 inches high, yet free blooming—a mound of flowers. Showy for rock garden or front of border or for bedding effects. 3 for 50c; \$1.90 per dozen.

Turkey Red. The brightest red that one can imagine.

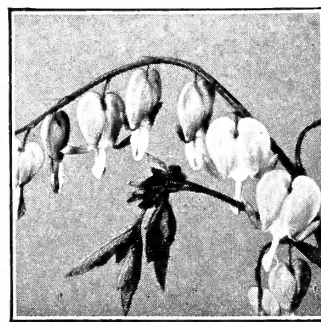

PLUMY BLEEDING HEART—*Dicentra eximia*

A compact plant with finely cut fern-like leaves and racemes of small pink heart-shaped flowers throughout the summer. Grows in sun or shade so can be used in the rock garden, perennial garden or wild flower garden with equal success. 1 foot tall. Every garden needs it. 3 for 60c; \$2.20 per dozen.

Bleeding Heart

Dicentra spectabilis

Everyone loves the old-fashioned Bleeding Heart. Long drooping racemes of large pink heart-shaped flowers in May and June. Two feet high. Grows in sun or shade. You should have some of our very strong clumps. 40c each while dormant. Blooming plants 50c each.

SILVERY SPURGE—*Euphorbia myrsinites*

Valued for its prostrate bluish foliage branches. Attractive appearance when hanging over rocks. 6 inches high. 3 for 60c.

CUSHION SPURGE—*Euphorbia polychroma*

Very effective as specimens in the rock garden. Always attracts much interest. Mounds of yellow flowers bracts in May. 12 inches high. Best in poor soil. 3 for \$1.00.

GLOBE DAISY—*Globularia trichosantha*

Tufted plants with glossy green leaves. Fluffy blue globe-like flowers on 6 inch stems in May. 3 for 60c.

CORAL BELLS—*Heuchera Pluie de Feu*

Tufted clumps of heart-shaped leaves. Leafless, wiry 12 inch stems terminated by dainty little fiery red bells. 3 for 60c; \$2.20 per dozen.

AND ROCK GARDEN PLANTS

SNOWFLAKE CANDYTUFT—Iberis sempervirens

Snowflake

The best variety of the well-known Hardy Candytuft. Dwarf evergreen bushlets completely hidden by dense heads of large pure white flowers in May and June. 8 inches high. 3 for 60c; \$2.20 per dozen.

DOUBLE LOTUS—Lotus Corniculatus fl. pl.

Prostrate spreading mats of pretty foliage the year around. Double yellow pea-shaped flowers, tinged red. Fine for rock work and for covering dry banks. 3 for 60c; \$2.20 per dozen.

DOUBLE LYCHNIS—Lychnis viscaria splendens fl. pl.

Umbels of double, deep red fragrant flowers in June on 12 inch spikes. Brilliant. 3 for 60c. ..

CATMINT—Nepeta mussini

From masses of soft gray foliage come clouds of lavender-blue flowers from May through July. 8 to 12 inches high. 3 for 60c.

PAINTED DAISY—Pyrethrum Kelwayi

The Painted Daisy is known to all. This is a large flowered single red one. 18-24 inches high. June bloomer. About 100% of the plants will be true red; the remainder will be pink to rose. An excellent variety you will agree. 3 for 60c; \$2.20 per dozen.

PAINTED DAISY—Robinson's Hybrids

A wonderful new type with giant flowers on long, strong stems. Mixed shades of red, pink and white. 3 for 60c; \$2.20 per dozen.

PRIMROSES—Primula veris

A flower that everybody loves. Most beautiful and interesting of May bloomers. 6 inches high. Lovely when massed in a half shady spot or when planted behind stones in the rock garden. Mixed colors of white, yellow, and rich red. 3 for 60c; \$2.20 per dozen.

Kleyni. Large pure golden yellow flowers. 3 for 60c; \$2.20 per dozen.

BUTTERCUP—Ranunculus repens fl. pl.

A pretty, double-flowering bright golden-yellow Buttercup of rampant, creeping habit. May and June flowering. 3 for 60c.

SOAPWORT—Saponaria ocymoides splendens

Prostrate, trailing plant, 2-3 feet in diameter with a cloud of dainty pink flowers in late May and June, 6 inches high. 3 for 60c.

SPEEDWELLS—Veronica

Showy plants for garden and rockery use. Some of them are listed under Summer bloom. All are easy culture. Varieties are:

Ferny Speedwell (Veronica armena). Delicate ferny foliage Beautiful blue flowers in May and again in September, 4 inches high. 3 for 60c.

Woolly Speedwell (V. incana). White woolly tufted plants with 6 inch blue spikes in June. Attractive plants throughout the year. Useful in rockery or for edging paths and flower beds. 3 for 60c.

Rock Speedwell (V. rupestris). Splendid prostrate creeping plants with short dainty spikes of bright blue flowers in May. 3 for 60c.

Royal Blue. Handsome spikes of rich gentian blue flowers on 12 inch stems in June and July. 3 for 60c.

MYRTLE—Vinca minor. Bowles Variety

A trailing, deep green evergreen plant, extensively used for carpeting the ground in shady places. Larger and deeper rich blue flowers than the common variety. 3 for 60c; \$2.20 per dozen.

VIOLA—Tufted Pansies

Very popular bedding plants blooming from early spring until late Autumn, if old blooms are kept picked off. Best in rich soil and will thrive in a bit of shade. Very beautiful planted in masses. Partially perennial. Following varieties are excellent.

Admiration. Deep violet. 3 for 45c; \$1.50 per dozen.

Arkwright Ruby. New. Ruby-red velvety appearance, marked with maroon in center. 3 for 45c; \$1.50 per dozen.

White Wermig. Pure white. 3 for 45c; \$1.50 per dozen.

Chantreyland. The finest pure apricot yet developed. Superior to the older Apricot. 3 for 45c; \$1.50 per dozen.

Jersey Gem. One of the most popular. Longer lived. Bright violet-blue. 3 for 50c; \$1.90 per dozen.

Primrose Perfection. A fine deep yellow. 3 for 45c; \$1.50 per dozen.

Pansies

Last year thousands of people were delighted with the brilliance and beauty of our pansy beds. Stop in at our nursery this spring and get your pansies freshly dug—not those that have stood around in baskets in front of some grocery store for a week or more. Plant as early as possible for best results. You get the best in Pansies when you get our Improved Swiss Giants and Jumbos in mixed colors.

Gladiolus Bulbs

Gladiolus are grown and admired wherever beautiful flowers are known. They make attractive displays in the garden, planted either in beds or in groups here and there in the perennial or annual border. They are ideal for house decoration. If the spikes are cut when the bottom flower shows color, all the buds, clear to the top, will open. Our bulbs are of large size, 1½ in. or more across.

Dr. F. E. BENNETT. Fiery orange-scarlet.

MINUET. Clear, pinkish lavender.

PICARDY. Immense spikes of rich salmon pink blooms.

PRICES: 50c Per dozen. (Postpaid)

GLEANINGS

PLANT EARLY—as soon as your soil is in a workable condition. Early planting and successful results go hand in hand. Press the soil firmly around the roots.

FOR YOUR ROCK GARDEN, select plants up to 12 inches in height.

USE FERTILIZER ANNUALLY. Plant food should be dug into the bed where flowers are planted or are to be planted. Well rotted manure is excellent, but should usually be supplemented by the addition of some good commercial fertilizer.

SECURE STRONG TWO YEAR TRANSPLANTED FIELD GROWN PLANTS. This size, with very few exceptions, is the first essential to garden success. These are the kind of plants we grow for you. Do not be satisfied with skimpy plants out of a bed or distorted, crowded plants out of a row which some companies call field grown.

FOR A WELL LANDSCAPED GARDEN EFFECT, plant three or more plants of a kind in a group. Large gardens may use a dozen or more of a kind in a group.

WE OFFER ONLY THE BEST KINDS OF PERENNIALS AND ROCK GARDEN PLANTS. Each year we try out new varieties of plants and continually discard the poorer kinds of plants that we feel are unfit for your garden when they are compared with the better varieties.

PLANTS WILL BE SHIPPED BY PARCEL POST OR EXPRESS at our option, unless specific shipping instructions are received with order. Transportation charges are paid by the customer. We will send you a notice of the exact cost of transportation after the plants are sent, provided we ship by parcel post.

IF IT IS MORE CONVENIENT, CALL AT OUR NURSERY FOR YOUR PLANTS at any time during the spring planting season. We are located one and one-half miles south of Bridgman on US-12 Highway.

VISITORS ARE ALWAYS WELCOME at our gardens.

PRICES

Throughout this catalogue plants are priced 3 of a kind. Less than 3 of a kind, usually does not give a pleasing landscape effect. If your space for plants is so small that you do not feel that you can use this number, then the plants listed at 3 for 60c are 25c each when less than three alike are purchased; the 3 for 50c plants are 20c each when one or two of one kind are purchased; 3 for \$1.00 plants are 35c each. Dozen rates given apply to six or more plants of a kind or alike.

Michigan customers and callers at our gardens add 3% sales tax.

Prices in this catalogue may or may not be effective after June 1, 1941.

Sage

An old-fashioned kitchen herb, whose dried leaves are used very much to season meats, sausages and stuffings. Strong field plants. 20c each.

Annual Flowering Plants

The following annual flowering plants will be ready about June 1st., for our nursery visitors: Asters, Calendulas, Marigolds, Salvia, Zinnias, Snapdragons, Petunias, Heavenly Blue Morning Glories and Ageratums. Also annual flower seeds.

Excellent Fall Bloomers

HARDY AGERATUM—*Eupatorium coelestinum*

Umbels of a beautiful lavender-blue from August until frost. 18-24 inches high. Invasive. Lovely in a fall garden with chrysanthemums. 3 for 60c.

FORMOSA LILY—*L. formosanum*

Most remarkable Lily introduced in recent years. The white trumpets are much longer and narrower than those of the Regal Lily and bloom in September and October. Easy culture in well drained soil. Plant 6 inches deep. 3 for 60c or \$2.00 per dozen.

FALSE DRAGONHEAD—*Physostegia virginica Vivid*

Spikes of exceedingly showy deep pink flowers in September. 15 inches high. 3 for 60c.

SALVIA PITCHERI. A beauty. Rich deep blue flowers in September, when blue flowers are scarce. 3 to 4 feet high. 3 for 60c.

SEDUM SIEBOLDI. The choicest of the dwarf Sedums. Pretty glaucous, pink margined leaves throughout the Spring and summer, followed in September by large heads of beautiful pink flowers. 4 inches high. Excellent for the rockery. 3 for 60c; \$2.20 per dozen.

Plants For Fall Planting

Most of the plants offered in this folder, excepting Chrysanthemums, Asters and Tritomas may be planted in the months of September and October as well as in the spring. You will be pleased with Fall planting—try it. But there are a number of kinds of plants that should for best success be planted in the Fall. A folder, describing and pricing these plants, will be issued about September 1st. If you wish, leave us your order for these plants when you visit us this spring, and they will be sent to you at the proper planting time this Fall.

Some of these plants are:

GERMAN IRIS

JAPANESE IRIS

SIBERIAN IRIS

VIRGINIA BLUEBELLS (*Mertensia Virginica*).
